MEMORANDIM FOR: Chief, Military-Economics Division, ORR THROUGH: Chief, Requirements Branch, Recommissance Group, CGS ATTENTION: FROM: Chief, CIA/FID (NPIC) SUBJECT: Search of Tula Area, USSR, for Guided Missile Facility REFERENCE: (a) Requirement C-RR-3-80,599 (b) CIA/FID Project C 1324-63 1. This memorandum is in response to your requirement dated 20 September 1963 requesting an examination of the Tula area, USSR, to determine the prese of a missile related facility as reported in CS-3/439/O48. A verbal answer this requirement was submitted 23 September 1963 by 2. A thorough search of the Tula area on could neither confirm nor negate the presence of the guided missile facility reported in CS-3/439/O48. The small scale of the photography and apparent discrepencies in the orientation of the sources sketches and description of the facility precluded an exact determination of its location. It is possible however, that the source may have been referring to the Tula Armsent and Agricultural Machinery Plant, "Novoya Tula 187," located approximately five kilometers northeast of the center of Tula. 3. The photo analyst on this project is and he may be considered to be complete. NGA Review Complete					٠,	•	•
